Alberta Home Gardening Pretty cool, huh? I recently interviewed Anna (via email) about her garden & her greenhouse, so I thought Iâ€™d share our conversation with all of you. It went kinda like this: Dave: First of all, tell me a little bit about yourself. Anna: We are Jakob and Anna, passionate suburban home gardeners in Alberta, Canada. Vegetable Seed Start Dates | Anything Grows Garden Center Vegetables started indoors will be more tender than those started outdoors. Keep this in mind when planting out and be sure to check the weather. Many vegetables are able to be seeded directly outside, this is often the easiest way as you don't have to transplant hundreds of seedlings. Easy Vegetables to Grow in Your Garden - Community Crop Sow seeds directly in the garden one month before the last frost date. Sow 1 inch deep, and 3 inches apart. Space rows 12 inches apart. Beet seeds are actually compound seeds; several individual beet seeds are contained in one seed. When the plants are about three inches tall, thin the beets to one per every 3 inches.

The Vegetable Gardener I was in my late 20's before vegetable gardening became my passion. in 2000, after six years of gardening in my backyard I decided to make a lifestyle change. I had a plan - completed a business plan for a small scale organic vegetable farm. Fresh Vegetable Market Gardening Industry - Alberta Market gardening is producing fresh vegetables and marketing these crops directly to the consumer. Fresh vegetable market gardening is distinct from commercial production in which the vegetables are marketed through packers, wholesalers, retailers and restaurants in order to reach the consumer.
